Dear all,

We are happy to introduce the Technion Video Platform system "Panopto" for GTIIT students.

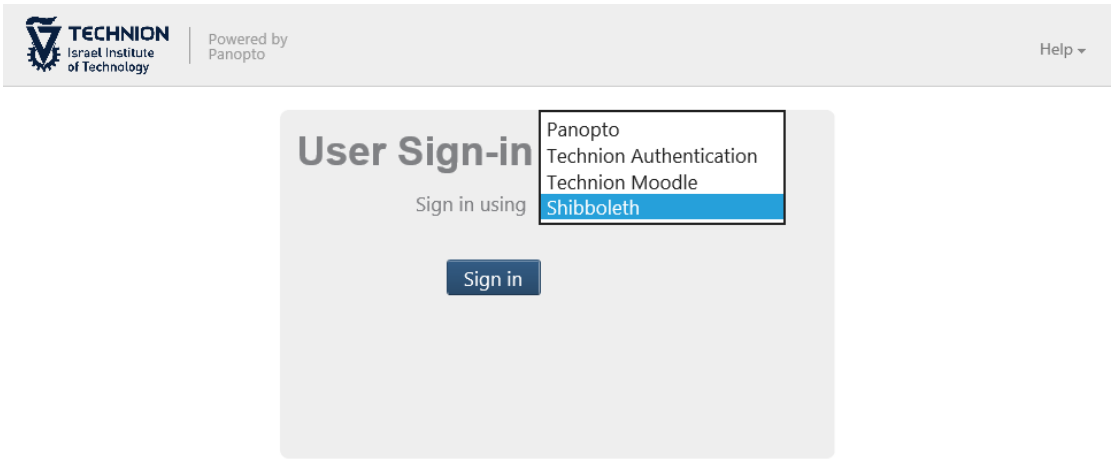

Panopto is a web application and can be accessed from any computer with GTIIT network internet connection. All GTIIT students can log in and watch Technion and GTIIT recorded lectures. The system provides an advanced interface for watching videos, including different video play speed, split screen for slides and lecturer and other useful features.

Along with Moodle, Grades system, Mobile App and other resources, GTIIT IT department is promoting an advanced and effective e-learning environment for its students.

Login

In order to log in the system, navigate in your web browser to – Panopto - GTIIT.

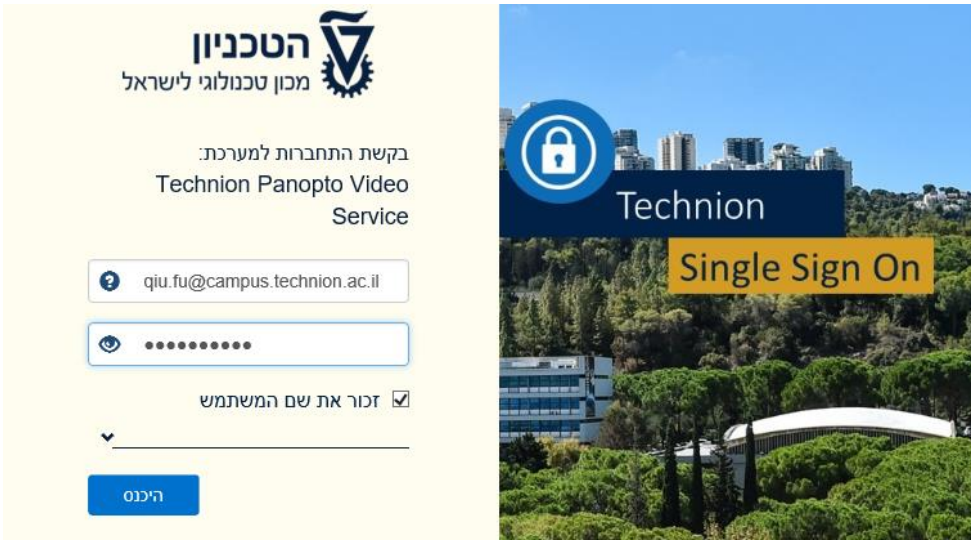

In Panopto login page, select "**Shibboleth**" as user sign-in method and click "Sign in"

You shall be re-directed to Technion "Single Sign-On" web page. Use your Technion **full e-mail address** and the **Technion password** you chose when activated the account (not the original secret code).

If your Technion account is not activated yet, please follow the instruction you received during the IT Induction session, when arrived at the campus ( 'IT Induction' – Technion account activation https://my.gtiit.edu.cn/moodle/course/view.php?id=77#section-1 ).

Landing Page

After successfully login, you will be re-directed to Panopto into "GTIIT" folder. Inside this folder, you will find all the available recorded courses. Future lectures that will be recorded will be also located in this folder.

You may select the relevant course and click on the folder in order to see the list of available videos.

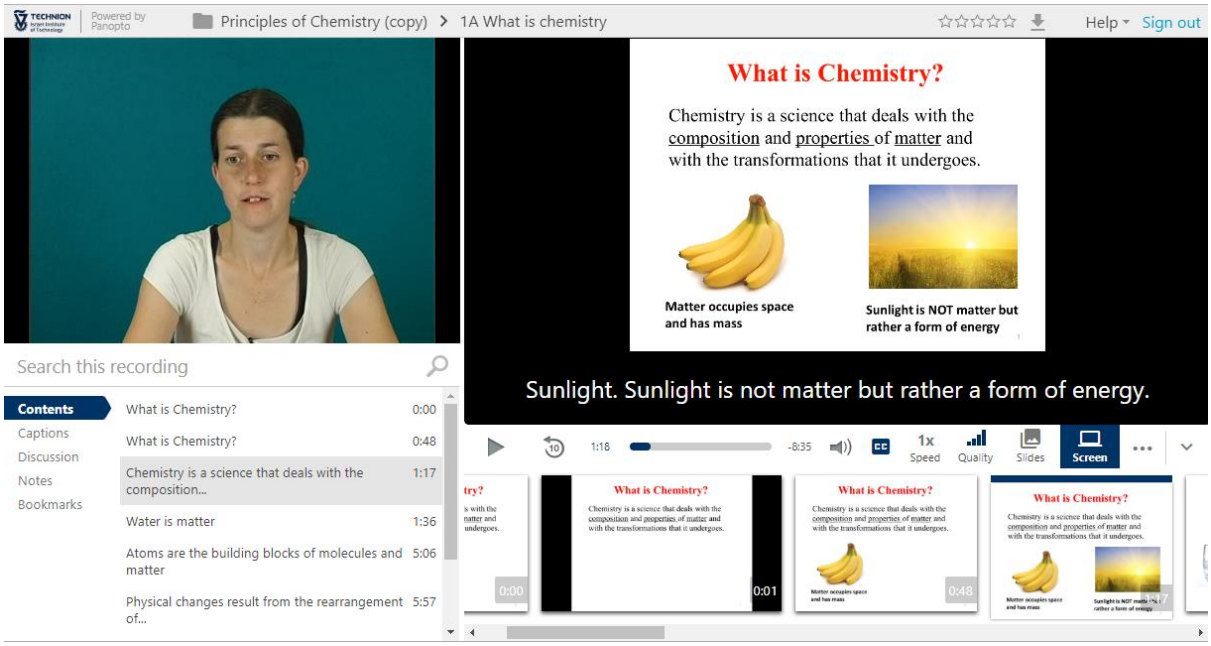

You can perform a search inside the folder or sort the list according to Name / Date etc.

Video Page

Once found the relevant video, you can click on it in order to start watching the video and enjoy the different features the platform supports right beneath the main slides screen.
