

Research Fellows WANTED

for a revolutionary exploration in **Developmental Tissue Engineering**, adventurous research, constant challenge, long months of work, honor and recognition in case of success.

Project Details:

The Laboratory for Advanced Tissue Technologies (LATi-Tech), group of Asst. Prof. [Udi Sarig](#), is looking for scientists to lead exciting experimental research projects in advanced developmental tissue engineering, where stem cell, synthetic and developmental biologies converge. Working in a collaborative international environment at the Guangdong Technion—Israel Institute of Technology (GTIIT), Biotechnology Engineering department, in China.

Contract duration: 2 years.

Keywords:

Stem Cell biology, Developmental Biology, Tissue Engineering, Developmental Engineering, Synthetic Biology, Organoids, 3D Printing, Bioreactors, Microfluidics.

Selection Criteria:

- PhD degree in Biotechnology Bioengineering, Biomedical engineering, Biology or an MD degree. Other related disciplines will also be considered.
- Excellent verbal and written English communication skills.
- Independent yet being a team player
- Ability to author scientific reports and scientific publications
- Background in pluripotent stem cell (murine and/or human), organoid culture, tissue engineering and/or bioreactor/microfluidics design is preferable.

Benefits:

- Salary range: commensurate with qualifications and experience.
- Subsidized housing at GTIIT, China.
- Health insurance: regular cover for Chinese citizens or private health insurance for foreigners
- Professional conference travel allowance

Application:

- Application deadline: This is an ongoing recruitment effort, applications will be continuously accepted and evaluated based on merit and availability
- Required application documents (please send via e-mail to the addressed specified below):
 1. *Curriculum Vitae* and cover letter.
 2. Publication list
 3. Three letters of recommendation (one from the PhD mentor)
 4. A short research statement (up to one page in length)
 5. Degree certificates with certified English translation for both the PhD and Master's degrees
